

Biography

Paolo Dario is Emeritus Professor of Biomedical Robotics at the Scuola Superiore Sant'Anna (SSSA), Pisa, Italy. He has been Founding Director of The BioRobotics Institute and Founding Coordinator of the PhD Program in Biorobotics at SSSA. He has been and is visiting researcher, professor and fellow at various universities and scientific institutions in Europe, USA, the Middle East and Asia. In particular, Paolo Dario serves as Chief Scientist at Dubai Future Labs. His current research interests are in the field of bio-robotics and bionics, and include companion robots. Paolo Dario is the author of 440+ journal publications (Scopus), his H-Index is 75 (Scopus) and 100 (Google). He is co-author of 50+ international patents and co-founder of 5 start-up companies. Paolo Dario has coordinated many large national and European projects, and served in many EU Committees. He is the Scientific Director of the National Competence Center ARTES 4.0 on Industry 4.0, and the Coordinator of the European Digital Innovation Hub ARTES 5.0. Paolo Dario is Founding Editorial Board Member of the Journal "Science Robotics", and Editor-in-Chief of the IEEE Transactions on Medical Robotics and Bionics. Paolo Dario is an IEEE Life Fellow and a Fellow of the European Society on Medical and Biological Engineering. He served as President of the IEEE Robotics and Automation Society and received several prizes and Awards, including the 1996 Joseph Engelberger Award for Medical Robotics, the 2014 IEEE RAS George Saridis Leadership Award, and the 2017 IEEE RAS Pioneer Award for Biorobotics.
